KPI 5 - Participate in at least one Build meetup/month (online or IRL), exclusively between the ambassadors. For the meetup(s) to be successful more than 50% of the ambassadors must participate.

KPI ACHIEVED BY ALL AMBASSADORS

OTHER ACHIEVED KPIS

KPI 8 - Identify possible partnerships (public/private institutions, education, etc.) to support (or organize with another community member) an introductory presentation around Blockchain, NFTs, and DAOs.

1Johnny

Delivered, alongside Pavel Andrei, a presentation to ~100 pupils in 11th grade on “Blockchain Tech & the opportunities it brings”.

This was part of Electronics Summer University 2022, hosted via Liga ETC from University "Politehnica" of Timisoara.

Check the discord message [here](#)

FreeFly

Organized an IRL Meeting with the QED Team to discuss about web3, NFTs and a possible collaboration for a meetup in Timisoara, to talk about DAOs.

QED is a SW company located in Timisoara, that is working together with The Sandbox, building things in the Metaverse.

OTHER ACHIEVED KPIS

KPI 9 - Identify real-live crypto / DAO / blockchain but not limited to events, and participate in at least one such event during the 6 months. The goal is to network and connect with other people, making them familiar with Stakeborg DAO. And, of course, bring your learnings inside Stakeborg DAO.

TEAM UPDATES

MAC (Sports Ambassador) and AlexCara (UK Ambassador) decided renounce the Ambassador role.

MAC 08/09/2022
Gm comunitate!

Va anunt ca am luat decizia de a renunta la pozitia de ambasador si coordonator al proiectului DAOthon.

In urma raspunsului venit din partea SFC-ului, am indoieli rezonabile legate de modul in care propunerile comunitatii vor putea fi analizate in mod obiectiv si in spiritul descentralizarii, dar si sustinute pentru a crea si dezvolta produse si servicii scalabile.

Acest anunt il fac la 4 zile distanta si nu este mesaj luat in graba sau la cald.
Decizia mea este definitiva si cu efect imediat, indiferent de votul aflat in curs(si pe care va incurajez sa il votati, indiferent de vot!).

Nu doresc ca mesajul meu sa va influenteze in nici un fel actiunile si activitatea de holderi sau membrii ai comunitatii.

Sper sa reprezentati, sustineti si implica in continuarea in comunitate, cu aceeasi energie si pasiune.

In final vreau sa va multumesc pentru calatoria din spatiul web 3 si crypto din ultimile 10 luni, a fost o adevarata placere sa fiu membru a acestei comunitati si sper ma revad cu cat mai multi dintre voi la diferite evenimente web 3, DAOs si de ce nu poate chiar sa punem impreuna din nou umarul in alte proiecte. Ganduri bune!

PS: Voi lua legatura in urmatoarele zile cu coordonatori unor proiecte pentru a face transferul domeniilor de ENS si UD, luate pentru comunitate si din propria initiativa.

AlexCara 🇬🇧 09/03/2022

Seara buna tuturor!

Din cauza unor motive personale, sunt nevoit sa mi rearanjez prioritatile. Asta ma va forta sa renunt la Titlul de Ambasador in UK pentru restul mandatului.

Motivele mele nu au nimic de a face cu nivelul de activitate scazut din Bull Market al comunitatii IRL si nici cu rezultatul votului negativ de la ultimul proposal. Pentru a putea turna vin in pahare oamenilor, trebuie mai intai sa ne asiguram ca avem o sticla plina. A mea nu este momentan si de aceea trebuie sa fac un pas in spate pentru a o umple.

In plus, in urmatoarele luni voi calatori prea mult in afara UK pentru a putea reprezenta comunitatea de aici si nu este corect sa detin acest rol de Ambasador pentru restul mandatului curent.

Raman aici alaturi de DAO, nu plec absolut nicaieri. Imi pare foarte rau ca trebuie sa o fac inasa pentru a avea mai multe de oferit pe viitor trebuie sa fac un pas in spate momentan.

Am sa rog un moderator sa mi retraga functia si de pe Discord.

Multumesc pentru tot si mult succes in continuare Ambasadorilor!
